

ENVIRONMENTAL PROTECTION NOTICE

Application for an Approval Under The Provisions of the *Environmental Management Act*

We, LNG Canada Development Inc., 400 4th Avenue SW Calgary, AB, T2P 0J4, intend to submit this application to the Director to authorize the discharge of air emissions from an air curtain incinerator, which is proposed to be operated to burn clean wood waste generated by the construction and commissioning of the LNG Canada liquified natural gas facility.

The lands upon which the air curtain incinerator will be situated and the discharge will occur are Lot 3 District Lot 6001 Range 5 Coast District Plan EPP79161 and Lot 1 District Lot 186 Range 5 Coast District Plan EPP94746, located near Kitimat, British Columbia, within the traditional territory of the Haisla Nation.

An air curtain incinerator is a pollution control device that reduces the particulate matter or smoke generated by burning wood waste. The maximum loading rate of clean wood waste burned in the air curtain incinerator will be 240 tonnes per month. The operating period for this air curtain incinerator will be up to 24 hours per day when located at the main facility site, more than 1 km from Cedar Valley Lodge and a neighbouring industrial business. When located within 1 km of Cedar Valley Lodge and a neighbouring industrial business, burning will start not earlier than one hour after sunrise and material will be added to the ignited air curtain incinerator only during the period that starts one hour after sunrise and ends at sunset, as per Section 28(5) of the Open Burning Smoke Control Regulation. The air curtain incinerator will be operated for up to 7 days per week for a period of up to 15 months.

Any person may review a printed copy of the application at the Kitimat Public Library or request an electronic copy of the application by emailing the applicant (comments@jfvkitimat.com). Any person who may be adversely affected by the proposed discharge and wishes to provide relevant information may, within 30 days after the last date of posting, publishing, service, or display, submit comments by email to the applicant (comments@jfvkitimat.com), with a copy to the BC Energy Regulator (waste.management@bc-er.ca). Written comments may also be submitted at the JFJV Project Resource Centre at 234 City Centre, Kitimat, with a copy to Supervisor, Environmental Stewardship, BC Energy Regulator at 6534 100 Ave, Fort St. John BC, V1J 8C5. The identity of any respondents and the contents of anything submitted in relation to this application will become part of the public record.

Dated this 28th day of September, 2023.
